VALUE ADDED SERVICES: For students who come to our classroom, "Freedom Hall," we provide free beverages, snacks, and lunch. This creates a relaxed training atmosphere where exchanging views, experiences, and networking is encouraged. Our later start time of 10:00 a.m. also allows for a more relaxed drive and more relaxed student. The historic décor of our classroom enhances the curriculum topics because personal security and safety were foremost concerns for our Founding Fathers. These foundational concepts were built into our Declaration of Independence and our United States Constitution.
